Subject: Draft of ELA and Math standards

The Handwriting skill (2.WF.1) you have for 2nd grade should be the end of first grade skill. Students need to be able to write all the letters clearly and legibly. They should be able to write short sentences and paragraphs by the end of 1st grade. If not they will struggle to complete the required writing for the grade level.

Math standards(2.M.G.A.02) Area of a rectangle is Length x Width.is currently taught at the end of 2nd grade is not showing in the draft standards I have. Is there a reason for that?

Other than those 2 questions everything looks good.
